RE: Facility Number 467134

Dear Mr. Rothermel:

Based on the results of an unannounced on-site complaint investigation on December 12 - 13, 2017, an on-site licensure renewal inspection and complaint investigation on April 5, 2018 and an off-site review on April 9 - 26, 2018, a provisional license is being issued to Liberation Way, LLC for the period of June 1, 2018 through December 31, 2018.

On March 22, 2018, out of concern for the safety of your patients, this office directed you to close admissions to your facility. Additionally, you were directed to decrease the patient census for the Outpatient Drug-Free, Partial Hospitalization Drug-Free and Outpatient Detoxification activities from 20 to 5 patients.

Due to the nature of the state and federal violations observed at Liberation Way, LLC, which compromised patient safety and confidentiality, DDAP is not willing to fully restore your capacity. Instead, DDAP has determined that the patient capacity for the Outpatient Detoxification will be increased from the capacity included in our March 22, 2018 directive from 5 to 8 patients. Additionally, the patient capacities for both Partial Hospitalization Drug-Free and Outpatient Drug-Free will be increased from the capacity included in our March 22, 2018 directive from 5 to 10 patients. You may request an increase in capacity once you have demonstrated compliance with your approved plans of correction and the applicable requirements for licensure.

The enclosed license is issued pursuant to the authority contained in Articles IX and X of the Public Welfare Code (62 P.S. §§ 901-1059) as transferred to the Department of Reorganization Plan No. 2 of 1977 (71 P.S. 751-25) and No. 4 of 1981 (7 P.S. §751-31).

If you have any questions regarding this license, please contact me at 717-736-7494.

Sincerely,
